#### **Old Business:**

There was no old business.

#### **New Business:**

Jaimie Van Zorst gave our Rock Club an update on the Show committees' progress for the 48th Annual Gem & Mineral Show. She discussed the progress of the floor plan. She stressed the importance of having activities for the children such as rock painting, digging out fossils, and also the touch and see activities. Keeping their attention focused on our Rock Club is important. The tables are pretty much all spoken for. The committee is also following up on advertising the upcoming show.

There being no other business, President Kevin Vetter adjourned the meeting.
